OLD ENGLAND.

By ARGUS CENTOCULI, *Inſpector-General of* Great-Britain.

SATURDAY, JUNE 11, 1748. [N°. 215.]

——— *Haſt thou inſtill'd*
Thy Malice into Thouſands, once upright
And faithful? MILTON.

THE Principle of this Paper, ever ſince it was delivered out of the Hands of the *Broadbottomarian* Writers, was founded on a reſpectful Loyalty and Attachment to the illuſtrious Houſe now in Poſſeſſion of the Throne. It has on frequent Occaſions contributed it's Mite towards defending the Rectitude of the late happy, but imperfectly executed *Revolution*, and his Majeſty's benign Diſpoſition to make us a flouriſhing happy People. It declared early againſt *Jacobitiſm*, and ſucceſsfully clos'd the Debate againſt the late unfortunate Lord *Balmerino*, which had been maintained with a good deal of plauſible Reaſoning in Favour of his Principles and Conduct. There was hardly an Opportunity that this Paper did not ſeize to explode the miſtaken Notions of his exhauſted Party, 'till the Subject-Matter became diſgraced by the Hireling-Pen of a dirty *Drawcanſir*, ſet up for the *Coalition*, at a weekly Allowance, to form new Diſtinctions among us, and brand every Pen with *Jacobitiſm* that refuſed Obedience to that *Babilonian* Image, compos'd of ſo many different Materials; among which thoſe of *Braſs* and *Clay* viſibly predominated, and were of ſuch a communicative Nature as to affect the motely Worſhippers of the motely *Image*, and more particularly it's doughty *Champion*, with the like Qualities.

When the Cauſe became thus *fouled* with the *Ordure* of venal Buffoonry, this Paper chus'd rather to be ſilent on the Subject than appear in the Race with a *Rabble-Pen*; or recriminate upon his Patrons that they could beſt point out the Dwellings of real *Jacobitiſm*, which, like *Charity*, might be found *at home*. Not unapt on this Occaſion is the *Laconic* Phraſe, which I have frequently obſerved over the Doors of Induſtry and Forecaſt in this great City; *Enquire within and know further.*

Far be it from me to inſinuate in the leaſt againſt the Royal Pleaſure of paſſing over to the Continent this Summer. On the contrary I ſhould think it very unreaſonable, if the K* of *Great-Britain* was not to enjoy, in common with his Subjects, the Privilege of going out of it on Occaſion; whether to promote the particular Concerns of this Nation, or to inſpect into the Adminiſtration and Management of his foreign Dominions, which no doubt expect to ſhare with us in their Sovereign, who breath'd the firſt Gaſp of Life among them.—But however unreaſonable the Diſcontent may be, which has ariſen on this foreign Viſit, we find it is become general, and every prating Impertinent takes upon himſelf to enumerate pretended Grievances ariſing from the Royal Abſence. It was not always ſo. People have not always murmured at it. We have ſeen it frequently in the Courſe of theſe laſt twenty Years, without any conſiderable Diſſatisfaction attending it: Tho', on all Sides, it was looked upon to be a very great national Inconvenience; yet it was conſidered as an Ill of Government that could not be reaſonably remedied. The Partizans of *Leviathan*, and his corrupt *Majority*, uſed to diſperſe their Palliatives on ſuch Occaſions very plentifully thro' the Nation. The *Oppoſition*, thro' a reſpectful Silence for neceſſary Government, lay generouſly by and forbore the obvious Advantage that occurr'd for Noiſe and Clamour.

Not ſo the *Coalition!* whoſe Behaviour was as mean as it was pitiful, on the very firſt paſſing over to the Continent, after the Adminiſtration was put into more upright as well as more able Hands. The *Remains* of LEVIATHAN and the *Refuſe* of the late OPPOSITION, joined their diſappointed Hands, and reciprocally plighted their repugnant Troths for Miſchief; tho' they could not form their Minds into a well-mixt Oleo, yet reſolved themſelves ſo far into an odd kind of *Conſiſtence* as to diſturb the Quiet of the S*te, inflame the People and decry the K* and his M***r at all Events. The factious Purpoſe was begun by the unmannerly Writers of the *Conſtitutional Journal* (now in Penſion) who treated the R**l Head with ſuch groſs and contemptuous Language as diſgraced the Preſs, and the Chaſtity of Writing. Tho' his M***y had not been long abroad before it appear'd, very manifeſtly, that he was there for the Good and Benefit of the Nation, breaking the Meaſures of the Enemy and joining the Allies with Conqueſt in his Hands; yet it had no other Effect on the factious Minds of the *Conſpirators*, than to inflame their Mutiny, and communicate Diſaffection thro' the Nation, in malicious Whiſpers againſt the K*g's victorious Arms and his ſucceſsful Councils.

The frontleſs *Bronſo* and the invidious *Selim* vomited out perſonal Invectives againſt their S***n, and imputed his Abſence to the M***i's Meaſures. They formed an Article of Accuſation againſt him in every Company on that very Head, tho' the former Miniſter was never charged with it, notwithſtanding the frequent foreign Viſits in his Time. Their ſeditious Revilings were carried up even into the S**te, and a ſham macerated Body of the Nation was drawn up to public View, ſtript of it's Robe, like *Cæſar*'s on the Stage, and every imaginary Wound expoſed, counted over and diſcanted upon with ſuch a Virulence of Speech, as ſet the unthinking Multitude a madding; who thought all was loſt, and that all our Wealth and Liberties were to be tranſported to the Continent: So artfully was this ſingle Journey to *Germany*, tho' viſibly for the Advantage of the Nation (which perhaps can't be ſaid of any other) wound up to anſwer the projected Purpoſe of the *Faction*; who, as they made it the Corner-Stone on which they had founded their Hopes, ventur'd their All upon it, and puſhed it by mere Dint of Miſrepreſentation and Clamour among the People into Succeſs, and ſo gained the Cabinet, where the *Refuſe* meanly condeſcended to act in Subordination, and put the *Remains* in the Lead. Thoſe very Perſons, whom a little while before they had publicly ſtigmatized with Contempt and Deriſion!

As this general Murmur at the K*g's going abroad is a Deviſ of the *Coalition*'s own raiſing, wherewith they profited themſelves to mount into Power and Preferment, they muſt make the beſt of it, now that the Effect of their own Arts and Deluſions are retorting upon themſelves. The People can't forget the Impreſſions which the factious Declaimers made upon their Minds, in their extravagant Calculations of National Expence for foreign Journies, ſo late as the Year 1743. The general Inconvenience that was urged to accrue to the Nation from the Abſence of the Head of it, the Stagnation of Trade and the Diffidence and Decay of Credit, the Deſolation of Inland Commerce, and the Loſs of Confidence among Particulars are ſtill recent in the Minds of the Many. The People, I ſay, can't readily forget how ſtrenuouſly theſe Things were inculcated into them by the Patriot-Conſpirators of thoſe Days, with a Face of Concern and a Voice of Lamentation, for the approaching National Ruin, which was ſaid to be at our Heels. Is it to be wondered, that the ſame Cauſe ſhould produce the ſame Effect in the very ſame Perſons? If their Fears and Apprehenſions return upon them, it is no more than a natural Event. What can be ſaid to alleviate the Ferment, and make it paſs upon the People that the R**l Preſence becomes more neceſſary now in *Germany*, after the ſigning Preliminaries of Peace, than it was a few Years ſince at the Head of his victorious Army, when his Experience and Conduct as a good Soldier were not a little wanted, as the Event manifeſtly prov'd?' A weak Excuſe amounts to an open Confeſſion, and Palliatives can hardly ſerve the blind Purpoſe of a Day. Can the *Coalition*, with a Face of Serioufneſs tell us, that his M***y is more conveniently ſituated in his foreign Dominions for the forwarding the Negociations of Peace at *Aix* than at *London*? If they will aſſert this, there are thoſe who undertake to maintain the contrary, and that it will rather retard than expedite the Treaty of Pacification, unleſs his M***y had his *Britiſh* Council there along with him, to conſult upon Diſpatches as they come in; ſince it is well known his Majeſty is too wiſe a Prince to determine any thing on the important Buſineſs of Peace, without the Participation and Advice of his Council at *London*; where, ſome alledge, if his M***y was reſident it would ſave a great deal of Time and Expence, as Diſpatches from *Aix*, as well as from all the foreign Courts, muſt firſt take the Round of *H***r* for the Royal Inſpection, and from thence to *London* for the Approbation and Advice of the *Britiſh* Council. Thus ſome People argue.

It is a Matter of exceeding Difficulty to take off the Multitude from a Prejudice which they have once imbibed, and the more, if they have been led into, and confirmed in it, by deſigning Perſons. The Pair of Pſeudo-Patriots before-named drove the Nail too far, and clench'd it ſo cloſe at the other End, that it will ſooner break than bend back. Their Work was the Work of Violence, of Force, of Fury and malicious Zeal! They left no Room for Retreat by a plauſible Qualification of Words and Sentiments; in ſhort, they did as they were bid and earned the Poſts they were promiſed. Though now the Leaders of the *Coalition* begin to find, by woeful Experience, that they ought not to have play'd the *Raw-Head and Bloody-Bones* ſo far upon the People, whoſe Fears and Apprehenſions are become ſo inſeparably annexed to the R**l Abſence that the laſt can't be mentioned but that the firſt is afloat. 'Tis ſaid, that every pitiful Conjurer can *raiſe* a Devil, but that it requires an Adept in the Art of Necromancy to *lay* one. Let the *Coalition* look well to the turbulent Spirit they have ſo induſtriouſly raiſed! It is a wayward Child of their own begetting, which, if permitted to rage, may deſtroy its own Parent by the ſame Doctrine which the Parent taught.

If the *Coalition* are yet capable of proper Reflection, they can't be without Apprehenſions of the ill Conſequences of trifling with the Minds of the People; and that it is hardly poſſible ever to regain whom they have ſo palpably deceiv'd in every Point. The mighty Promiſes they made to com-

pleas'd the Redreſs of Grievances, which their Predeceſſors had begun, have vaniſhed into Smoke, as indeed they were never intended further than to impoſe upon the Unwary to lift their Superiors up into Grandeur. I can't conceive with what Face they can look upon the Fools they have made, and how they dare venture within the Reach of the Diſappointed? for ſurely it requires a moſt conſummate Countenance to ſtand the Reproaches of the Injured, whom they have led into Murmurs and Diſaffection; whom they taught to look on a Journey to H***r as the greateſt Evil that could befal this waſted Nation, and that they fought Power for no other Purpoſe than to put an End to ſuch expenſive National Calamities, and reſtore the Virtue, if not the Words, of the Act of S****n to it's original Import and Worth.

This was the diſingenuous Pretence of playing the People againſt the T*ne, looſening the Foundation of their Loyalty, and filling their Heads with Apprehenſions of ſuch imaginary Evils, as, I doubt, can never be diſſipated, ſo often as his M***y is diſpoſed to pay a Viſit to his foreign Dominions; which I think would be as unreaſonable to reſtrain him from, as it would be to exclude a private Gentleman from the Benefit of going now and then from his new acquir'd Poſſeſſions in Town, to inſpect the Management of his paternal Eſtate in the Country —But the *Coalition* thought, or at leaſt talked, otherwiſe, and have found their Account in it.

ISLINGTON AIR,

By a Gentleman who was mentioned in the Papers of this Week to be dead.

FROM filthy Compounds, Boluſſes, and Pills,
And the whole Trade of medicinal Swills!
From noiſy Viſits, ſuffocating Smoke
Of Sea-Cole Fire, and ſtinking Fogs that choke,
To open Lawns I happily repair,
To breathe for Life, and court th' enlivening Air.
Come ſweet *Aurora* wake the Morning Trees,
Come Zephyrs fan me with your Evening Breeze,
Riſe Noon-Tide Fragrance of the new-mown Hay,
Beneath the Rake refreſhing in Decay!
Ye new-blown Daiſies all your Sweets diſcloſe,
Pour all around, ye early grazing Cows,
The wholeſome Breathings of your Herbage Fee,
Cull'd with ſagacious Care from noxious Weed;
Cleanſe me of all the Town-contracted Filth,
And quicken up my Faculties of Health.
So ſhall my ſicken'd Soul again revive,
Gratefully praiſe your kind Reſtorative,
Reviſit weekly theſe delightful Scenes
Of ſweet Relief, and Sanity's Demeans;
Their Pow'r for ever and their Virtue own,
Spite of the Lure of yon deteſted Town;
Where ev'ry Vice commercially prevails,
And Virtue long has reef'd her uſeleſs Sails;
Where Villains triumph with oppreſſive Might,
And Juſtice lies beyond the Reach of Right,
Where Frauds engroſs the Day and wild Debauch the Night.

Extract of a Letter from Carliſle, May 27.

"Yeſterday there appeared a very remarkable Phenomenon in the Skies, to the great Surprize of the whole City at Eight o'Clock. It remained till Ten of the Clock in the following Manner, viz. on the Right of the Sun there was a large Circus, like the Colours of a Rainbow, but more bright, which was croſſed in three Places with a ſlanting Colour, mixed with an Azure Blue; wiht Streamers interſperſed, and others darting out from the outermoſt Circle, like a Glory. The Compaſs of the Whole to the Naked Eye ſeemed to occupy the Space of fifty Yards. During it's Continuance the Sun was very bright, the Sky clear, and the Air quite Serene, no Rain for forty Hours before nor ſince. I ſhall be very glad to know if any ſuch Thing has appeared with you, and the Opinion the learned have given of it.

"'Tis reported, that the like Appearance was ſeen in two or three different Places in the North of Scotland the ſame Day."

On Saturday Advice came, that the Swallow Packet, Capt. Philips, is arrived at Falmouth, from Jamaica, which Iſland ſhe left on the 8th of April; and brings the following Advices:

"That after the Reduction of Port Louis, Admiral Knowles ſailed immediately to St. Jago de Cuba, where Captain Dent, of the Plymouth, being Senior, demanded, as his Right, that he might go in Firſt, ſeconded by the Cornwall; but on his Approach found a Chain acroſs with Bombs; alſo two large Ships, and two ſmall ones filled with Combuſtibles, and ready to be ſet on fire on the firſt Attempt to break the Chain. They fired ſeveral Broadſides at the Caſtle, the Cornwall had ſome Men killed. Then Captain Dent conſulting his Officers, they all agreed they muſt loſe their Ships if they Attempted to break the Chain, and therefore gave over their Enterprize, and returned to Jamaica.—The Plymouth was to ſail for England the 1ſt Day of May and ſome Time in June the Cornwall and Lenox were to ſail with a large Fleet under their Convoy."

By a Letter from Antigua, dated April 3, we learn, that the Montroſe Snow of Glaſgow, Daniel Graham, Commander, mounting Four Carriage Guns, arrived there the 28th of March; and that ſhe was attacked on the 27th by two French Privateers, the one of Twelve and the other of eight Carriage Guns, and had an Engagement with them ſeveral Hours, Board to Board, in which ſhe did great Execution among the French with her four Guns, ſmall Arms and Powder Flasks; and by the Bravery of Captain Graham and his People, the Snow was brought clear off: Captain Graham was wounded in the Shoulder by a Muſket Ball, but not dangerous, and kept his Quarters; Mr. Lang the Chief Mate is ſcorched by ſome Powder Flasks the Enemy threw on board the Snow, but is in a fair Way of Recovery; the ſecond Mate was wounded in the Eye with a Splinter, and is likely to loſe it; and three of the Sailors are much hurt. Captain Graham's Hands did not exceed Fourteen, and thoſe of the Enemy were upwards of one Hundred.

We hear the Right Hon. the Lords of the Admiralty have ordered the following Ships home, from Admiral Byng's Squadron in the Mediterranean, viz. Boyne, Princeſſa, Burford, Eſſex, Naſſau, Royal Oak, Rupert Superbe, Antelope, Colcheſter, Guernzey, Leopard, Litchfield, Nonſuch, Severn, Feverſham, South-Sea-Caſtle, Crown, Liverpool, Lynn, Roebuck, Phenix, Leoſtoffe. Seaford, Enterprize, Spence, Carcaſe, Terrible, Sloops. Cruizer, Penzy, Settees. Poſtillion, Brave, Xebecks, Conqueror, Duke, Fireſhips.

The following Ships are ordered home, from Admiral Knowles's Squadron at Jamaica, viz. Cornwal, Lenox, Worceſter, Stafford, Enterprize, and Biddeford.

The following Ships are likewiſe ordered home from Admiral Oſborns's Squadron at the Leeward Iſlands, viz. Dreadnought, Sunderland, Sutherland and Poole Fireſhip.

The French Privateer called Le Frere Aiſne, of Boulogn, Claude Palette Commander, taken by his Majeſte's Sloop of War the *Diſpatch*, Henry Barnſley, Eſq; Commander, and brought to Yarmouth, has had the uſual Letter of Marque to cruize on the Subjects of the King of England, and other Enemies of the State, the 15th of May, 1748, on which Day it appears that the ſeveral Officers of Admiralty paſſed the Commiſſion thro' their reſpective Offices. The Proclamation for a Ceſſation of Arms ſpecified, that all Captures made in the Channel after twelve Days from the 19th of April out Stile, the like Number of Days from the 30th of April, N. S. ſhould be reciprocally reſtored; and as the above Commiſſion plainly appears to be granted three Days after the Expiration of the ſaid Time, ſurely Proper Cognizance will be taken of it, and the Methods purſu'd which ſuch Extraordinary Proceeding ſeem to require.

The St. Jacques, Capt. Raſteau, from St. Domingo for Rochelle, is taken by the Iſabella Privateer, Captain Miller, and carried into Charles Town. A Spaniſh Privateer off the Bar of Carolina engaged by the Iſabella near four Hours, whereby two Ships from Providence were ſaved from being taken.

The Johannes and Elizabeth, Backer, from St. Euſtatia to Amſterdam, having ſprung a Leak, ſteered for the Iſland of St. Thomas, and in the Paſſage thither was boarded by a French Privateer, who put nine Hands on Board her: but the Crew ſeeing a fair Opportunity, roſe upon the Frenchmen, drove ſix of them overboard, and carried the other three to St. Thomas's, where the Ship was well on the 10th of April laſt.

The Suſannah, Rice, from New-York to Amſterdam, is taken by the French and carried into North-Bergen.

The Succeſs Sloop, Farres, from Porto-Bello to Jamaica, is taken by the French.

Mr. W———, who has reſided here ſome Time from the Court of Spain, within theſe few Days has had two or three Conferences with the Miniſters of State on the Subject of the Conditions on which his Catholic Majeſty is diſpoſed to accede to the Preliminaries of Peace: In which Conferences he has been informed, that it will be impoſſible to make any Alteration in the Clauſe of Reverſion which had been tacked to the Eſtabliſhment for the Infant Don Philip, ſince that was

the only practical Expedient which could be found to Engage the Empreſs-Queen to conſent to that Eſtabliſhment; and that 'twas eaſy to foreſee, that much greater and more inſurmountable Difficulties would inevitably reſult from the leaſt Change in the preſent Diſpoſition of that Point.—The Return of the Courier which has been diſpatched by the above Miniſter to his Court, 'tis expected, will remove this Difficulty, which has hitherto retarded the Acceſſion of his Catholic Majeſty to the Preliminary Articles of Peace.

Dr. R. NELSON, being well known to have made the Cure of Seminal and Genital Imbecilities his chief Study and Practice for above thirty Years, does recommend his moſt Noble Cleanſing and Strengthning ELIXIR, which thouſands of People have experienced, to be the only BALSAMICK HEALING RESTORING Medicine in the World.

For Gleets and Weakneſſes,

THE Bane of Virility in the one Sex, and Deſtroyer of Fertility in the other, whether from ill cur'd Venereal Infections (than which nothing is more common) or from inordinate Coition, or ſelf-Pollution (that curſed School Wickedneſs, which ſpoils all our Youth, by nipping their Manhood in the Bud) or from involuntary Emiſſions a Nights in the Sleep, or in the Day Time upon Stool or with the Urine, or from Falls, Blows, Strains, Wrenches, or the like, which drain, and dry up, the Seminals, and wither, as it were the Generative Faculties, cauſing Impotency in Men, the Fluor Albus, and Barrenneſs in Women, (or but a weakly, ſickly Offspring if any) and in the long Run (by impoveriſhing the Blood and Spirits) Melancholy, Vapours, Decays of Nature, and Conſumptions.

No Medicine can be more pleaſant to take, nor any Thing upon Earth more effectual for the Purpoſe; for let the Imbecility be ever ſo great, or of ever ſo long ſtanding, and be either in the Parts Spermatick Veſſels, or Back, with Pain, or without, it certainly Cures, by reviving and enriching the Blood and Spirits, comforting, nouriſhing, and repleniſhing the Reins and Seminals, and ſtrengthning and reſtoring the Genital Parts in both Sexes, how much ſoever weakned, rendred cold, or deadned, and bringing them to their natural Force, Warmth, and Vigour, by thickening and fertilizing the Seed which before was thin, wateriſh, or yelloviſh, and conſequently inſufficient, either for Procreation or the Act of it.

All Diſorders of the Urine, as Difficulty in the making or retaining it, or its dribling away, hot or ſmarting, or foul, ſlimy, thready greaſy or ſtinking, whether from Gravel, Stone, Strangury, or a Venereal Cauſe are likewiſe ſpeedily cured by it, and the Water made to be held as ſtrongly, and yet brought away as freely, eaſily, full ſtream'd, and clear as ever.

Price 5 s. a Bottle. Prepared by the aboveſaid Author, and ſole only) ſealed up with Directions how to take it) at Mr. Corbett's Bookſeller, at Addiſon's Head, oppoſite St. Dunſtan's Church, Fleet-Street, and by Henry Cook, under the Royal-Exchange, asking only for a 5 s. Bottle of Elixir.

GLEETS and SEMINAL WEAKNESSES,

SO deſtructive to the Conſtitution, and ruinous not only to the unhappy Individual labouring under them, by draining away the Radical Moiſture or very Eſſence of Life, and inducing Conſumptions, Nervous Diſorders, &c. but to Poſterity alſo, inaſmuch as thoſe afflicted with ſuch Gleetings, if not wholy diſabled, as very many are, from propagating their Species, are yet render'd incapable of begetting any other than puny, miſerable, and ſhort-liv'd Iſſue.

Theſe waſting Gleetings, occaſion'd by Self pollution, exceſſive Venery, ſevere Purging for Venereal Injuries, or by violent Strains, &c. and which have been deem'd by almoſt all Phyſicians and Surgeons to be ſo very difficult to overcome, are now ſo certainly known to be directly, and in a manner at once perfectly cur'd by the Grand Reſtrictive Balſamick Electuary, that no one, how bad ſoever, need deſpair of being entirely ſet to Rights by it in a few Days.

It is from this its moſt extraordinary Efficacy, that ſo many Practitioners in Town and Country now ſend for it for their Patients, as finding it to be the only ſure and infallible Remedy that can be ſafely rely'd upon in thoſe Caſes. This Grand Medicine is to be had only by the Author's Appointment, at Mr. Radford's Toy-ſhop, at the Roſe and Crown, againſt St. Clement's Church Yard in the Strand, London at 6 s. a Pot, ſeal'd up, with a Book of Inſtructions, highly neceſſary to be read by all Perſons whoever were afflicted with any Diſorder of the Seminal Veſſels or neighbouring Parts.

Note, Ask only for a 6 s. Pot of Balſamick Electuary.

No Letters anſwer'd unleſs Poſt-paid.

For the VENEREAL DISEASE.

THE ſhorteſt, ſafe, and regular Cure, this Day in the World, from the ſlighteſt Infection to the moſt inveterate Degree of it, by a Medicine as pleaſant to take, and as eaſy in its Operation as it is effectual in its Cure; ſo that the unfortunate Patient gets ſuddenly and ſurprizingly well, without Diſtaſte to his Palate, the leaſt Diſorder of Body, or any Confinement whatever. This is that great Remedy, now ſo well known and long experienced to be truly infallible, and is the Grand ANTI-SYPHILICON that Radcliffe and Garth uſed to ſay would totally extirpate the Venereal Diſeaſe from the Face of the Earth, were it but univerſally known, and properly taken. Freſh Infections, call'd Claps, with all their cruel attendant Symptoms, it preſently cures; and if taken in Time, even prevents their taking Place. It is a ſafe, gentle, and pleaſant Family Purge, even for Children as well as grown Perſons, in all Caſes where Purging is neceſſary; nor can the deepeſt Scurvy, Rheumatiſm, Gout, Evil, or Leproſy, ſtand before it, but are pleaſantly cured and thoroughly extirpated by it, as well as the higheſt and moſt inveterate State of the confirmed Venereal Diſeaſe; which, with all its moſt raging Symptoms, it ſoon eradicates, reſtoring Health, Strength, and Vigor to the Body. Thoſe who once take it, will never have Recourſe to any Thing elſe.

One Pot in moſt Caſes is ſufficient for a Cure, and can only be had at Mr. Radford's Toyſhop, at the Roſe and Crown againſt St. Clement's Church Yard in the Strand, at 6 s. a Pot, ſealed up with a Book of Inſtructions, in which all Perſons may fully underſtand their own Condition, and certainly know when, and when not, the Venereal Poiſon is rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scurvy.

The moſt wonderful cleanſing and ſtrengthning Drops for all Sorts of Gleets, and Seminal Weakneſſes and Imbecillities of the Generative Parts and Faculties, preventing Miſcarriages in Women; and to cleanſe and ſtrengthen the Reins, Kidnies and Bladder, cure weak Backs, Stranguries, Gravel, and Stoppage of the Urine, and for which it has gained ſuch Repute, that near 20000 Bottles have been ſold ſince April 1734, that they were firſt publiſh'd.

THESE incomparable Drops, which for the aboveſaid Diſorders are not to be equall'd in the whole Art of Medicine, were preſcrib'd by the late Dr. Ratcliffe, for a certain noble Lord, who for a long Time had been vex'd with an old obſtinate Gleet and Weakneſs, of which he was cured by them in a few Days, beyond all Expectation, after he had been harraſs'd with Electuaries, Boluſſes, Pills, Potions, Injections, and a hundred other Medicines, for many Months together in vain.

The Apothecary who prepared them for him according to the Doctor's Preſcription (which he has ſtill upon his File) has made Uſe of them ever ſince to Numbers of People in the very worſt of Gleets, ſeminal and genital Imbecilities and Infertilities, Pains in the Back and Reins, Diſorders of the Urine and Gravel, &c. with the utmoſt Succeſs and Safety; as alſo in all Weakneſſes from Strains, as well as Venereal Relicts, exceſſive Coition, Self Pollution, ſeminal Emiſſions in Sleep, Falls, Blows, Wrenches, and the like, in both Sexes.

And as they have never once failed him, even in Caſes thought to be incurable, he now, for general Good, has made them publick: And that the meaner Sort of People might partake of the Benefit of ſo divine a Remedy as well as the Rich, he has put them up in Bottles of but 2 s. 6 d each, tho' for the Excellency of their Effects they are worth their Weight in Gold, more eſpecially as one Bottle of them generally Cures, even in the moſt draining Gleets, and grievous Relaxation and Weakneſſes of the Seminals and Genitals, as alſo of the Back and Reins, that are.

Nor can there be prepared, by any Art or Skill, a more cleanſing and healing, or a more ſtrengthning and invigorating Medicine, or one that can more effectually cure Impotency, or promote Fertility, than this, as every one that but once tries it will ſay, by their ſoon finding the Difference between this and other Remedies; for it will do more in one Day towards reſtoring in theſe Weakneſſes than any others can in ten, and is of ſo corroborating a Nature that it may be entirely rely'd upon for curing perfectly and firmly, without Fear of Relapſe, even in the tenderſt Conſtitutions, which can hardly be ſaid of any other Medicine; and it is withal ſo elegantly pleaſant to the Palate, and ſo agreeable to the Stomach that the niceſt Perſon is delighted with it.

Mr. Weſt, Goldſmith, who us'd to ſell theſe Drops before dead, they are now Sold only by his Son in Law, Mr. Johnſon a Baker, at the Seven Stars, in Vere-ſtreet, near Clare-Market, ſealed up, with Directions, for any Meſſenger upon asking only for a Bottle of Drops, and paying 2 s 6 d.

The only first rate Specific that ever cured that distressing Disease the SCURVY,

and all Scorbutick Humours, the arrivedin the highest or most inveterate rate Degree, of above many Years standing, and that without any confinement from business, or the least Trouble, nicety, or inconvenience whatsoever in the Use of it, even when the Blood and Juices are thoroughly contaminated with its malignant Virus, and the very Bones are affected with it.

Fresh Infections, call'd Claps, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and to as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks, on one Hand, or a seminal Gleet, or Weakness, to happen on the other.

And the most inveterate Degree of the French Illness, attended with nocturnal Pains, universal Breakings-out, and all other the most exasperated Symptoms, are soon overcome by it, and effectually and much more safely cured than by Salivation, Inungations, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as loudly to bespeak it the only apposite Remedy, or true Venereal Antidote in the World, and this tome Thousands have, to their great Joy, experienced.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement, but may be taken, and the Cure be accomplished, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury may, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie hid in the Body, but wholly extirpates it, Root and Branch, in a gentle, easy, and effectual Manner.

All such, likewise, as doubt they have some remaining Relicks of former Injuries, may, by a few Doses of it, entirely free themselves from all Suspicions of that Kind; for it admits of no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and, on that Account, in all Scorbutick, Scrophulous, and even Leprous Eruptions, or Foulnesses of the Skin, or glandulous Swellings, and Impurities of the Juices, it does more by one Dose than any other Medicine, yet known, can by ten.

The Price of this most noble Anti-Siphylicon is but six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient, in most Cases, to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Radford's Toy-shop, at the Rose and Crown, against St. Clement's Church-yard, in the Strand, ready sealed up, with a Book of Instructions, by the Perusal of which all Persons who were ever affected with any Degree of the Venereal Disease may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is entirely rooted out of their Bodies. Note, Ask only for a Six Shilling Pot for the Scurvy. No Letters answer'd, unless Post-paid.

The So-much Fam'd HYPO-DROPS.

WHICH in a few Days infallibly cure *Hypochondriack Melancholy* in *Men*, and the *Vapours* in *Women*, so as never to return again; be they ever so severe, or of many Years standing, and even after all other Remedies have prov'd ineffectual; and that by immediately striking at the very Root or true Cause, as well as remedying the Effects, of those perplexing Maladies and all their Variety of Symptoms, by which they mimick, by Turns, almost all the Diseases poor Mortals are afflicted with, and have their Rise from a depraved Appetite, vicious Ferment in the Stomach, and Indigestion of Food, whence proceed Crudities and flatulent or windy Disorders in the first Passages, ill Fumes, sour Belchings, Cholick, and Uneasiness in the Bowels, which Crudities offend the Nerves, and, by Consent of Parts affect the Head, and produce sometimes Giddiness, Dimness of Sight, confused Thoughts, pertinacious Watchings, troublesome Sleep, Frights, groundless Fears, and the deepest Melancholy, with direful Views and terrible Apprehensions; at other times, Fits, flashing Heats, Reachings, Faintness, Lowness and Sinking of Spirits, and Palpitation of the Heart, Startings, Treublings and Twitchings in the Limbs and other Parts, with many convulsive Disorders, sharp Pains, fix'd or wandering, Pain and Weakness in the Back, and other almost innumerable and grievous, Symptoms, which miserably afflict vast Numbers of both Sexes.

All which Symptoms in their sharpest Paroxysms, these somuch fam'd and most pleasant Drops, (which are Chymically prepar'd from the most valuable Specificks in the Mineral, Vegetable, and Animal Kingdoms, and exalted to the highest Degree of Perfection possible) infantly quell, and at the same time annihilate their real Cause, directly bringing the Stomach into right Order, creating a good Appetite, rectifying the Digestion, occasioning laudable Chyle, and, of course, good Blood, Plenty of calm, free, and cheerful Spirits, a regular Circulation of all the Fluids, and Strength of Nerves: So that both Cause and Effects of Melancholy and Vapours, are thoroughly removed by them, almost on the Spot, as the many Thousands of both Sexes they have perfectly cured, evince.

Whoever takes them for three Days only, will be sensible they are absolutely to be depended upon for an effectual and lasting Cure, and certain it is, that no Medicine upon Earth can equal them; be careful therefore to have the right Drops, which are to be had only at Mrs. Holt's, at the Cross-Keys and Star below the Royal Exchange in Cornhill, at 2s. 6d. a Bottle, with Directions at large.

For the EYES,

The so much fam'd CHYMICAL LIQUOR,

WHICH at once infallibly cures all Inflammations, Bloodshot-Sorenesses, and Weakness of the EYES, Defluxions of sharp Humours, Dimness of Sight, Specks, Films, or beginning Cataracts, and that after all other Means have fail'd, and without causing the least Trouble or Uneasiness in using.

It directly heals and cures all Manner of Sorenesses of the Eyes in Children or grown Persons, tho' of many Years standing, be it either of the dry itching and smarting Kind, or most Rheumy or Watering, and whether proceeding from the Evil, or any other Distemper.

It effectually takes away all Specks, Films, or incipient Cataracts to Admiration, as also all Flies, or Gnats, that seem to swim before the Sight; it wonderfully strengthens the Optick Nerves, comforts the Eyes immediately removes all Dazzling and Dimness, clearing the Sight, and infallibly preserving it strong and good to exceeding old Age.

Hundreds who were so very dim-sighted for some Years, as scarcely able to distinguish any thing, and imagin'd their Age to be the Occasion, have been perfectly and almost instantly cured by it, so as to read the smallest Print without Spectacles; and for Opthalmies or Sore, Bloodshot, or Rheumy Eyes, no Medicine upon Earth can come near it, Thousands of Men, Women, and Children, have been cured by it of the very worst sort almost upon the Spot, and Blindness been prevented in Abundance, who had tried all other Remedies in vain, insomuch that it may be almost accounted a miraculous Remedy.

No Family ought to be without it, nor ever will, after they have had but one Day's Experience of its admirable Efficacy.

It is to be had only by this Author's Appointment, at the Gentlewoman's at the Two Blue Posts in Hay-hon-Yard in the Minories London, at 3s. 6d. a Bottle with printed Directions.

To Persons of either Sex,

Afflicted with any Species of the PALSY, *or other* Nervous Decays.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employed his Thoughts much concerning them, to adapt a Medicine, a Sovereign Elixir peculiar to, and effectual for, the Palsy, and all other Nervous Complaints now reigning, which, after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success even to as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreeable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only demonstrates its prodigious Efficacy to every one, and the Patients soon finds all Numbness, Deadness, and shaking, or Resolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more, and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard drinking, or any other Cause; for it performs all that can be wished for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attennuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralitick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Cross Keys and Star below the Royal Exchange in Cornhill, London, at 3s. 6d. a Bottle, with printed Directions at large.

Concerning Gleets and Seminal Weaknesses of all Kinds.

ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses whether occasion'd by too severe purging for Venereal Injuries, violent Straitures, Falling to Salt, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption; which frequently terminate in Death itself.

All such therefore who have the Misfortune to be troubled with Old stubborn Gleets, Seminal Effluxions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetes, Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe and speedy Cure, which they most assuredly may, by the taking only a small Quantity of a transcendent Balsamick Restrictive Electuary, now published for a general Good, after having for many Years in private Practice been experienced never once to fail perfectly curing the most stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels and Urinary Passages, which it almost instantly cures, bringing to right, and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.

This transcendent Balsamick Restrictive Electuary is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weaknesses and Decays of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels, to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other it ever yet found out; and all Persons fatigued with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprized at it.

When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been try'd in vain, too much cannot be said in Praise of it, and this all who ever took it for any of the above mentioned Purposes, have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr Radford's Toy-shop at the Rose and Crown against St. Clement's Church Yard in the Strand, ready sealed up, with a book of Instructions, which whomsoever carefully reads will be complete Master of his own Case, and perfectly know, when the Gleet or Weakness he is afflicted with succeeds a Venereal Lurney, whether all the Malignity of the Foul Disease is entirely extirpated or not. Note, Ask only for a 6s. Pot of Balsamick Electuary. No Letters answer'd, unless Post paid.
